314.01: General Provisions

- (1) <u>Scope</u>. 101 CMR 314.00 governs the rates of payments used by all governmental units in making payments to eligible dental providers for dental services rendered to publicly aided individuals.
- (2) <u>Effective Date</u>. The rates set forth in 101 CMR 314.00 are effective for dates of service provided on or after July 1, 2017.
- (3) <u>Coverage</u>. The rates of payment contained in 101 CMR 314.00 or determined in accordance with the provisions of 101 CMR 314.00, are full compensation for dental services rendered to publicly aided individuals as well as for any related administrative or supervisory duties in connection with the provision of services, without regard to where these services are rendered.
- (4) <u>Disclaimer of Authorization of Services</u>. 101 CMR 314.00 is neither authorization for nor approval of the substantive services for which rates are determined pursuant to 101 CMR 314.00. Governmental units that purchase services from eligible providers are responsible for the definition, authorization, and approval of services extended to publicly aided patients.
- (5) <u>Coding Updates and Corrections</u>. EOHHS may publish procedure code updates and corrections in the form of an Administrative Bulletin. Updates may reference coding systems including but not limited to the American Dental Association's *Current Dental Terminology* (CDT). The publication of such updates and corrections will list
 - (a) codes for which only the code numbers change, with the corresponding cross reference between existing and new codes;
 - (b) codes for which the code remains the same, but the description has changed;
 - (c) deleted codes for which there are no corresponding new codes; and
 - (d) entirely new codes that require pricing. EOHHS may designate these codes as individual consideration until appropriate rates can be developed.
- (6) <u>Administrative Bulletins</u>. EOHHS may issue Administrative Bulletins to clarify its policy on and understanding of substantive provisions of 101 CMR 314.00.

314.02: Definitions

101 CMR 314.00: DENTAL SERVICES

As used in 101 CMR 314.00, unless the context requires otherwise, terms have the meanings ascribed in 101 CMR 314.02.

Center. The Center for Health Information and Analysis established under M.G.L. c. 12C.

Early Periodic Screening, Diagnosis and Treatment (EPSDT)-eligible MassHealth Members. Publicly aided individuals who are eligible to receive EPSDT services under 130 CMR 450.000: *Administrative and Billing Regulations* and 130 CMR 420.000: *Dental Services*.

Eligible Dental Provider.

- (a) A provider of dental services who meets the conditions of participation of a governmental unit purchasing such services. Eligible dental providers may include the following:
 - 1. dentists registered by the Massachusetts Board of Registration in Dentistry in accordance with the provisions of M.G.L. c. 112;
 - 2. authorized governmental, nonprofit, or charitably incorporated dental clinics not involved with teaching dental students;
 - 3. authorized dental clinics that wholly or partially derive support from Title V funds under the Social Security Act;
 - 4. teaching dental clinics operated by dental education institutions; and
 - 5. public health dental hygienists who are certified by the Massachusetts Board of Registration in Dentistry and who provide services in public health settings that include schools, long-term nursing facilities, medical facilities, and shelters.
- (b) MassHealth providers of dental services must satisfy the provider eligibility requirements set forth in 130 CMR 450.000: *Administrative and Billing Regulations* and 130 CMR 420.000: *Dental Services*.

EOHHS. The Executive Office of Health and Human Services established under M.G.L. c. 6A.

<u>Governmental Unit</u>. The Commonwealth, any board, commission, department, division, or agency of the Commonwealth and any political subdivision of the Commonwealth.

<u>Publicly Aided Individual</u>. A person who receives medical or dental care and services for which a governmental unit is liable, in whole or in part, under a statutory program of public assistance.

314.03: Rate Provisions

- (1) <u>Rate Determination</u>. Subject to 101 CMR 314.03(2) and (3), rates of payment for authorized dental services to which 101 CMR 314.00 applies will be the lower of
 - (a) the eligible dentist provider's usual and customary fee to patients other than publicly aided individuals; or
 - (b) the allowable fee listed in 101 CMR 314.04, 314.05, or 314.06, as applicable.
- (2) <u>Rates Determination for EPSDT-eligible MassHealth Members</u>. Rates of payment for authorized dental services to which 101 CMR 314.05 applies provided by eligible dental providers to EPSDT-eligible MassHealth members will be the allowable fee (EPSDT-eligible members) listed in 101 CMR 314.05.

101 CMR 314.00: DENTAL SERVICES

(3) Individual Consideration (I.C.).

- (a) Unlisted procedures and dental procedures designated I.C. are individually considered items. Determination of appropriate payment for procedures designated I.C. will be in accordance with the following standards and criteria:
 - 1. time required to perform the procedure;
 - 2. degree of skill required in the procedure performed;
 - 3. severity and/or complexity of the patient's dental disease or condition; and
 - 4. policies, procedures and practices of other third-party purchasers of dental services, both governmental and private.
- (b) If an eligible provider believe that any such procedure merits a higher fee than recommended, the provider may submit the prescribed claim form with supporting documentation. Such claims will be individually processed.
- (4) <u>Reimbursement as Full Payment</u>. Each eligible dental provider must, as a condition of acceptance of payment made by any purchasing governmental units for services rendered, accept the approved program rates as full payment and discharge of all obligations for the services rendered. Payment from any other source will be used to offset the amount of the purchasing governmental unit's obligation for services rendered to the publicly aided individual.
- (5) <u>Payment Limitations</u>. No purchasing governmental unit may pay less than or more than the approved program rate.
- (6) <u>Prior Authorization</u>. A number of procedures require authorization from the appropriate purchasing agency before providing the service and before payment will be made. Eligible dental providers should refer to the appropriate purchasing agency manual before providing services.

314.04: Allowable Fees: Anesthesia Services (Hospital)

Reimbursement for anesthesia services is set forth in 114.3 CMR 16.00: *Surgery and Anesthesia Services*.

314.06: Allowable Fees: Hospital Services

Maximum allowable fees for professional services rendered in a hospital setting are governed under 114.3 CMR 16.00: *Surgery and Anesthesia Services*, 114.3 CMR 18.00: *Radiology*, and 101 CMR 317.00: *Medicine*.

314.07: Filing and Reporting Requirements

- (1) <u>Required Reports</u>. Reporting requirements are governed by 957 CMR 6.00: *Cost Reporting Requirements*.
- (2) <u>Penalty for Noncompliance</u>. A governmental purchaser may reduce the payment rates of any provider that fails to timely file required information with the Center or EOHHS, as applicable, by 5% during the first month of noncompliance, and by an additional 5% during each month of noncompliance thereafter (*i.e.*, 5% reduction during the first month of noncompliance, 10% reduction during the second month of noncompliance, and so on). The governmental purchaser will notify the provider prior to imposing a penalty for noncompliance.

314.08: Severability

The provisions of 101 CMR 314.00 are severable. If any provision of 101 CMR 314.00 or application of such provision to any eligible dental provider or fiscal intermediary is held to be invalid or unconstitutional, such determination will not affect the validity or constitutionality of any remaining provisions of 101 CMR 314.00 to any eligible dental providers in circumstances other than those held invalid.
